

JUST AS I AM

SEEING BEYOND DISABILITY

Just As I Am is a project born out of the personal experience of Darius Traves who grew up with Cerebral Palsy and Label of Love's Resonate Schools Team.

The primary aim is to respond to the needs of young people with disabilities by helping them to identify and overcome personal barriers to realising their full potential. To achieve this we deliver educational days in schools and community venues using creative arts, puppetry, multi-sensory games, activities and personal stories.

Our Services

We want our work to have a lasting effect on the lives of the young people. To do this we have designed a package that runs over three days; these days can be separate or back to back, you can choose.

This is designed to take the young people on a journey in which they can grow in confidence, build self esteem and raise aspirations to pursue their dreams. The days will encompass various creative elements such as drama, music, dance, story telling and arts and crafts. We will also use puppetry to engage and tell stories. Throughout the package we use a multi-sensory approach to ensure pupils of all abilities can engage with the material.

Our team can also offer other services such as assemblies 'one off' sessions, music, drama and dance workshops.
